Annual Financial Statements for the year ended 28 February 2022

Director's Responsibilities and Approval

The director is required by the Companies Act of South Africa to maintain adequate accounting records and is responsible for the content and integrity of the annual financial statements and related financial information included in this report. It is his responsibility to ensure that the annual financial statements satisfy the financial reporting standards with regards to form and content and present fairly the statement of financial position, results of operations and business of the company, and explain the transactions and financial position of the business of the company at the end of the financial year. The annual financial statements are based upon appropriate accounting policies consistently applied throughout the company and supported by reasonable and prudent judgements and estimates.

The director acknowledges that he is ultimately responsible for the system of internal financial control established by the company and places considerable importance on maintaining a strong control environment. To enable the director to meet these responsibilities, the director sets standards for internal control aimed at reducing the risk of error or loss in a cost effective manner. The standards include the proper delegation of responsibilities within a clearly defined framework, effective accounting procedures and adequate segregation of duties to ensure an acceptable level of risk. These controls are monitored throughout the company and all employees are required to maintain the highest ethical standards in ensuring the company's business is conducted in a manner that in all reasonable circumstances is above reproach.

The focus of risk management in the company is on identifying, assessing, managing and monitoring all known forms of risk across the company. While operating risk cannot be fully eliminated, the company endeavours to minimise it by ensuring that appropriate infrastructure, controls, systems and ethical behaviour are applied and managed within predetermined procedures and constraints.

The director is of the opinion, based on the information and explanations given by management, that the system of internal control provides reasonable assurance that the financial records may be relied on for the preparation of the annual financial statements. However, any system of internal financial control can provide only reasonable, and not absolute, assurance against material misstatement or loss. The going-concern basis has been adopted in preparing the financial statements. Based on forecasts and available cash resources the director has no reason to believe that the company will not be a going concern in the foreseeable future. The financial statements support the viability of the company.

Kholofelo Pebane

Devas Strategic Consulting (Pty) Ltd

(Registration Number 2018/513209/07)

Annual Financial Statements for the year ended 28 February 2022

Director's Report

The director presents his report for the year ended 28 February 2022.

1. Review of activities

Main business and operations

The company Strategic Consulting, Public Relations, Branding and Marketing. There were no major changes herein during the year.

The operating results and statement of financial position of the company are fully set out in the attached financial statements and do not in my opinion require any further comment.

2. Going concern

The annual financial statements have been prepared on the basis of accounting policies applicable to a going concern. This basis presumes that funds will be available to finance future operations and that the realisation of assets and settlement of liabilities, contingent obligations and commitments will occur in the ordinary course of business.

The director has given due consideration to the potential impact of the COVID-19 pandemic on the company's ability to continue as a going concern. The director believes that the pandemic will have a temporary impact on the business activities. Notwithstanding these short-term challenges the director is of the view that the company has sufficient resources to continue as a going concern.

3. Events after reporting date

All events subsequent to the date of the annual financial statements and for which the applicable financial reporting framework requires adjustment or disclosure have been adjusted or disclosed.

The director is not aware of any matter or circumstance arising since the end of the financial year to the date of this report that could have a material effect on the financial position of the company.

Impact of COVID-19

COVID-19 existed globally at the reporting date. COVID-19 in itself is not an event; however, the National State of Emergency and Lockdown are events, which occurred after the reporting date as a result of COVID-19. It was concluded that the declaration of COVID-19 as a pandemic is such a non-adjusting event. The impact of COVID-19 on accounting standards that require the use of forward-looking information (expected credit losses and goodwill impairment) was assessed based on information available as at 29 February 2020.

4. Authorised and issued share capital

No changes were approved or made to the authorised or issued share capital of the company during the year under review.

5. Dividend

No dividend was declared or paid to the shareholder during the year.

6. Director

The director of the company during the year and up to the date of this report is as follows:

Kholofelo Pebane

Devas Strategic Consulting (Pty) Ltd

(Registration Number 2018/513209/07)

Annual Financial Statements for the year ended 28 February 2022

Director's Report

7. Shareholder

There have been no changes in ownership during the current financial year.

The shareholder and her interest at the end of the year is:

	Holding
Kholofelo Pebane	100.00%

8. Compilers

Wiseman Business Solutions compiled the annual financial statements for the year under review.

Report of the Compiler

To the Director of Devas Strategic Consulting (Pty) Ltd

We have compiled the accompanying financial statements of Devas Strategic Consulting (Pty) Ltd based on information you have provided. These financial statements comprise the statement of financial position as at 28 February 2022, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

We performed this compilation engagement in accordance with International Standard on Related Services 4410 (Revised), Compilation Engagements.

We have applied our expertise in accounting and financial reporting to assist you in the preparation and presentation of these financial statements in accordance with the International Financial Reporting Standard for Small and Medium-sized Entities and the requirements of the Companies Act of South Africa. We have complied with relevant ethical requirements, including principles of integrity, objectivity, professional competence and due care.

These financial statements and the accuracy and completeness of the information used to compile them are your responsibility.

Accounting Policies

1. General information

Devas Strategic Consulting (Pty) Ltd ('the company') Strategic Consulting, Public Relations, Branding and Marketing.

The company is incorporated as a Private company and domiciled in South Africa. The address of its registered office is .

2. Basis of preparation and summary of significant accounting policies

The financial statements of Devas Strategic Consulting (Pty) Ltd have been prepared in accordance with the International Financial Reporting Standard for Small and Medium-sized Entities and the Companies Act of South Africa. The financial statements have been prepared under the historical cost convention, as modified by the revaluation of investment property, certain property, plant and equipment, biological assets and derivative financial instruments at fair value. They are presented in South African Rand.

The preparation of financial statements in conformity with the International Financial Reporting Standard for Small and Medium-sized Entities requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the company's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in note 3.

The principal accounting policies applied in the preparation of these annual financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1 Financial instruments

Loan to (from) group company

This can include loans between holding companies, fellow subsidiaries, subsidiaries, joint ventures and associates and are recognised initially at fair value plus direct transaction costs.

Trade and other receivables

Trade receivables are recognised initially at the transaction price. They are subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for impairment of trade receivables is established when there is objective evidence that the company will not be able to collect all amounts due according to the original terms of the receivables.

Cash and cash equivalents

Cash and cash equivalents includes cash on hand, demand deposits and other short-term highly liquid investments with original maturities of three months or less. Bank overdrafts are shown in current liabilities on the statement of financial position.

Trade and other payables

Trade payables are recognised initially at the transaction price and subsequently measured at amortised cost using the effective interest method.

Issued capital

Ordinary shares are classified as equity.

Equity instruments are measured at the fair value of the cash or other resources received or receivable, net of the direct costs of issuing the equity instruments. If payment is deferred and the time value of money is material, the initial measurement is on a present value basis.

Devas Strategic Consulting (Pty) Ltd

(Registration Number 2018/513209/07)

Financial Statements for the year ended 28 February 2022

Accounting Policies

Basis of preparation and summary of significant accounting policies continued...

2.2 Tax

The tax expense for the year comprises current and deferred tax. Tax is recognised in profit or loss, except that a change attributable to an item of income or expense recognised as other comprehensive income is also recognised directly in other comprehensive income.

Deferred income tax is recognised on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements and on unused tax losses or tax credits in the entity. Deferred income tax is determined using tax rates and laws that have been enacted or substantively enacted by the reporting date.

2.3 Revenue

Revenue is measured at the fair value of the consideration received or receivable. Revenue is shown net of value-added tax, returns, rebates and discounts.

Interest income is recognised using the effective interest method.

Rental income from investment property that is leased to a third party under an operating lease is recognised in the statement of comprehensive income on a straight-line basis over the lease term and is included in 'other income'.

Dividend income is recognised when the company's right to receive payment has been established and is shown as 'finance income'.

Royalties are recognised on an accrual basis in accordance with the substance of the relevant agreement.

2.4 Borrowing costs

All borrowing costs are recognised in profit or loss in the period in which they are incurred.

3. Critical accounting estimates and judgements

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.
